

Vernon Public Schools
VALID FOR: 2023-2024 SCHOOL YEAR

**PERMISSION FOR ADMINISTRATION OF NON-PRESCRIPTION MEDICATION
 PER STANDING ORDERS FROM DISTRICT MEDICAL ADVISOR**

Vernon Public Schools has standing orders from our district medical advisor for the administration of some medications for students if we have written permission from the student's parent/guardian. If you wish to allow your child to have access to the following orders, please complete this form and return it to your school nurse.

Please Print

Student Last Name, First Name Middle Name

Date of Birth

Allergies: _____

Select School: RHS, VCMS, CRS, LSS, MSS, NES, SRS, Park Street Learning Center

Grade:

INITIAL BELOW FOR WHICH YOU ARE GIVING PERMISSION (SELECT ONE ONLY)

_____ I approve all medications listed below
 _____ I do not want any OTC meds given to my student

Acetaminophen: every four to six hours based on the student's weight, for the following reasons:

- Headache without injury or fever
- Menstrual cramps
- Dental pain under treatment
- Fever over 102 degrees orally when parent/guardian gives telephone permission **and are on the way to pick the student up.**

Ibuprofen: every six to eight hours based on the student's weight, for the following reasons:

- Headache without injury or fever
- Menstrual cramps
- Dental pain under treatment
- Fever over 102 degrees orally when parent/guardian gives telephone permission **and are on the way to pick the student up.**
- Muscular/joint aches for **high school students only** for one week, parent needs to be notified

Antibiotic Ointment: for abrasions and minor lacerations

Calamine/Caladryl: may be used topically for minor skin irritations.

Cough Drops: supplied by the parent/guardian with a note to the school nurse.

Calcium Carbonate/Tums: **age appropriate dose**, may be given for minor stomach discomfort without fever

Diphenhydramine HCl (Generic Benadryl): for generalized allergic reaction, not seasonal allergies. Based on student's weight to swish and swallow.

Oragel/Anbesol: Generic topical analgesic may be used for canker sores, for tooth eruptions and orthodontic discomfort.

Sting relieving swabs or wipes: use topically for insect bites or stings. See standing orders for more serious reactions.

Saline: for use as a solution for contact lenses; wound cleaning when soap and water are not available.

Pregnant/Breastfeeding Students: will need physician authorization for the administration of medication by school personnel for all medications.

Over-the-counter medications administered more than three times a week or 10 times in a month will need an order from the student's physician. No prn medication shall be administered 30 minutes prior to dismissal unless extenuating circumstances as determined by the School Nurse.

By signing below, you are giving Vernon Public School Nurses permission to administer the medications checked above as required and agree that all known allergies are listed above.
