### **Hearings for Suspension from School System Transportation**

An informal hearing will be held before the building principal or his designee at which the pupil is to be informed of the reasons for his suspension and be given an opportunity to respond. All suspensions will be in accordance with state statutes.

Pupils residing in Vernon who attend State Vocational Technical Schools will be subject to the same regulations for pupil transportation as pupils attending Vernon Public Schools. However, since the jurisdiction of the Vernon Board of Education only encompasses the transportation of the aforementioned students, when one of these pupils is suspended from a vocational technical school bus, the administrator of that school will be notified and may take whatever action they deem necessary.

Vocational technical school authorities will receive notification of all bus suspensions from the Superintendent's office of the Vernon Public Schools.
