RHS SUMMER SCHOOL **June 22 - July 28** **No class/teacher available July 3rd, 2020**
This summer the Rockville High School Summer School program will be conducted via distance learning using the Edgenuity online learning platform. Subject matter experts, in core classes, will work with students to provide support using the Zoom or Google classroom platform.

Dear Parents/Guardians:

The RHS Summer School Program is designed to be a positive experience for everyone. The extension of the school curriculum into the summer months provides the opportunity to students who need and desire additional school work.

Please review the following information prior to enrolling your student in our program.

- Summer school will be an online learning program. Students will be using Edgenuity, an online learning platform. This program allows students to gain mastery in the Common Core standards in which they are deficient. Therefore, the focus is no longer on "seat-time," but on content competency. There will be a 30 minute presentation about Edgenuity for the students at 8:00 a.m. on the first day of summer school, June 22nd, that parents are encouraged to view with the student. A link to the Zoom presentation will be sent 15 minutes before the presentation start time.

- Please contact your school counselor to determine your eligibility for the RHS Summer School Program.

- Subject matter experts will be available to cover each core subject and to provide support via Zoom or Google Classroom.
