## **ADDING A COURSE**

A course may not be added to a student's course load after five (5) consecutive class meetings (half or full credit courses) or three (3) consecutive class meetings (quarter credit course) have taken place. Any course that is added after this point in time requires an administrator's signature and the student's grade in the course depends upon the completion of all work missed prior to the date of adding the course.

## **ADVANCED PLACEMENT COURSES AND EXAMINATIONS**

The Advanced Placement Program® is a cooperative educational endeavor between secondary schools and colleges and universities. The Program provides motivated high school students with the opportunity to take college-level courses in a high school setting. Students who participate in the Program not only gain college-level skills, but in many cases, they also earn college credit while they are still in high school. AP courses are taught by dedicated and enthusiastic teachers who follow course guidelines developed and published by the College Board. Every AP student will be required to pay for and take the AP exam prepared by the College Board and administered in May.

Students who are eligible for free or reduced-cost lunch qualify for a fee waiver on all AP exams they take that year. The exams are scored by the College Board, and graded on a five-point scale (5=Extremely well qualified, 4=Well qualified, 3=Qualified, 2=Possibly qualified, 1=No recommendation). Colleges use these grades as evidence of the students' abilities and achievements when they make their decisions regarding whether or not to grant credit and/or advanced placement. AP Score Reports are released on the College Board website in July.

Students should check with their college's admissions office for clarification of policies on Advanced Placement. It is important to note that each college determines college credit and/or advanced placement. Rockville High School currently offers the following Advanced Placement courses:

Calculus AB	Chemistry
English Language & Composition	Literature & Composition
Music Theory	Studio Art
U. S History	Computer Science Principles

In addition, students in several Honors and ECE level courses including Statistics, Biology, Spanish, and French have opted to take the AP Exams in recent years that align with these courses. Please refer to the individual course descriptions for further information. The AP Program offers additional courses in a variety of subject areas which students have the opportunity to independently prepare for and take the exam.

## **AGE OF MAJORITY GUIDELINES**

In view of Public Act 127 of the 1972 Legislature that establishes 18 years of age as the age of majority, the following policies are adopted:

1. School regulations concerning all attendance matters shall continue to be handled as they were previously. Eighteen-year-old students not living at home with parent(s) or guardian(s) will be communicated with directly in attendance matters.
2. The school system recognizes its moral obligation to the parents regardless of age of the student in its charge. All contacts and records shall continue to be maintained with the home. Eighteen-year-old students may request direct communication and parents shall be notified of that action. The school may continue or resume contact with parents at any time.
3. Any student at or above the age of majority who, independent of parents or guardian, takes up residence in the Town of Vernon and enrolls in the Vernon school system, shall be required by the principal of the school in which they enroll to submit a Certificate of Residence certifying that the student is indeed in residence within the Vernon school district, said Certificate to be attested to by the owner, renter or lessee of the property wherein the student resides. Such certificate must be completed and placed in the hands of the principal prior to the entrance of the student in question.

The above policy regulations are adopted under the assumption that reasonable school regulations should apply to all students regardless of age and that persons 18 years of age will be considered students first and adults second. Students who move away from the Vernon school district during the school year may, in certain circumstances, be granted permission to complete the year in Vernon. Students should contact their school counselor for information on how to secure permission for this privilege.

## **ASPEN - STUDENT INFORMATION SYSTEM**

(BOE Policies [1110.1](#) and [6146.1](#))

ASPEN is a powerful web-based student information system used by the Vernon Public Schools. Information stored in ASPEN includes contact information, attendance data, transcripts, standardized test and assessments scores, class schedules, enrollment history, daily assignments, assignment grades, and cumulative course grades. Much of this data is readily available to students and their families via web-based student and parent portals. In addition, ASPEN allows parents to set up notifications that send emails when students are absent or when their grades fall below a certain percentage.

Your ASPEN portal login and password will allow you to access this information from home or work at your convenience. The access to student information the ASPEN portal provides families can greatly enhance communications both within the home and between home and school. We encourage parents to view this information with their students at regular intervals. Please contact our School Counseling Office at 860-870-6050 x4065 if you have any issues accessing the ASPEN portal or any questions about information contained within the system.

The ASPEN system is available at: <https://ct-vernon.myfollett.com/aspenn/login.do>

# ATTENDANCE PROCEDURES

(BOE Policy [5113](#))

## **\*PROPOSED ATTENDANCE POLICY\***

### **Absence Limits**

No student **may receive course credit** for a half-year course after having had unexcused absences from the course for **more than ten (10) class periods** during any one semester.

#### *Excused Absences (documentation is required)*

- Illness or injury (after 3 total absences, a doctor's note is required)
- Death in the family
- A religious obligation
- A court appearance
- A school-sponsored activity
- A college visitation
- Participation in an educational program organized and sponsored by a recognized institution of learning
- An emergency deemed legitimate by the building principal
- A suspension from school

### **Tardiness to school or class**

Continued tardiness by a student is a serious problem. Students are expected to be in their scheduled location, ready for work, at the bell. Excessive tardiness will have an impact on student performance. To that point, every **3 tardies to school or class** will equal **1 unexcused absence**. If a student is not in class for at least half of the block (42 minutes) this will result in an excessive tardy and be deemed an unexcused absence.

If a student will be late to school, parents/guardians are requested to contact the school attendance office prior to 7:30 a.m. to inform the school.

A student is tardy when they arrive at school or class later than the scheduled start time of the day or block. Accumulation of tardies will result in unexcused absences. If a student Tardiness may be explained by a parent but any absence from class that results will be considered as an accumulated absence.

### **Make-Up Work for Excused Absences**

All work due or missed during an excused absence may be made up. Any work missed (assigned) during an excused absence will be the student's responsibility to make up. Students will have the same amount of time as their absence to make up their work. For example, if a student is absent for 2 days, they will have 2 days to make up and submit their missing work. Note: Homebound instruction is available for students if ten days of consecutive excused absences are expected with medical recommendation.

### **Participation in School Activities/Absences**

Students who are absent from school will not be permitted to participate in interscholastic athletic contests, athletic practices, extracurricular activities, or other school-sponsored activities on the days they are absent from school.

Students must be in attendance for more than 2 blocks to participate in extracurricular activities, dance, etc.

### **Appeal Process**

A student who has exceeded the established number of unexcused absences for a semester and has had course credit withheld may appeal this action by submitting an attendance appeal application to the grade level administrator. Requests for an attendance appeal, absent extenuating circumstances, must be made prior to the beginning of the exam period. The attendance appeals committee will be composed of administrative personnel, attendance counselor, coordinator of family engagement, social worker and the student's school counselor. The attendance appeals committee, absent extenuating circumstances, will meet prior to the end of each semester. Custodial guardians and students are required to attend their child's appeal meeting. Students are reminded that an attendance appeal does not necessarily mean that a decision to grant an attendance waiver and course credit will be made. When filing an appeal, accountability must be made in all absences. Partial accountability of absences to bring the total number below the established number of class absences is not considered an acceptable appeal. Parents/guardians and students will receive written notification of the decision of the attendance appeals committee.

The attendance appeals committee will consider, but not be limited to, the following criteria in its deliberations:

1. Extenuating circumstances for the absences in question with supporting documentation.
2. Class absences since the date of credit being withheld.
3. Recommendations of the classroom teacher or other school personnel.
4. Record of unexcused class absences (class cuts), study hall cuts, and detention cuts.
5. Record of tardiness to school.
6. Evidence of improvement.
7. Student's written reflection regarding his/her absences

Students are reminded that any and all cuts, including class, study hall, and detention cuts, will weigh heavily against granting an attendance waiver and course credit.

### **Restoring Credit**

A 30-day period of perfect attendance will restore lost credit providing the student has not missed more than 15% of the potential class meetings. This 30-day option for restoring credit is available only during the current school year. Students who do not complete a 30-day contract before the end of the current school year must complete a full school year without offending the attendance policy.

Students who lose credit in full year courses because of poor attendance may have credit restored by attending summer school provided the student has not missed more than 15% (27 days) of the class periods.

---

## **CURRENT ATTENDANCE POLICY**

### **ABSENCES**

Parents are expected to call the Attendance Office (860-870-6050, option 1) by 9:00 a.m. to report their student absent. The name of the student, date and reason for the absence must be stated in order for it to be considered excused. Please note that voicemail is available 24 hours a day.

Students who have been absent from school must submit to the Attendance Office a written, dated, parent/guardian-signed note of explanation specifying the date and the reason for the absence within five (5) school days of returning to school. Please be aware that any absences beyond nine (9) are considered unexcused by state statute regardless of a parent/guardian call or note, and therefore require a note from a physician in order to be excused. Vernon Public Schools Attendance Policy and procedure states that a **HALF DAY for RHS is 10:45**. If a student arrives after that time or gets dismissed before then, they are considered **ABSENT from school**.

### **TARDY**

Students who arrive later than the scheduled beginning of school or class period will be considered tardy. A call or note stating the name of student, date and reason for the tardy from the parent/guardian must be received on the day of the tardy in order for it to be considered excused, otherwise it is an unexcused tardy. Oversleeping or missing the bus is not an acceptable reason for an excused tardy. A student will be allowed 3 unexcused tardies per school year. On the 3<sup>rd</sup> unexcused tardy an administrative detention will be issued. For each additional 3 tardies the student will receive an additional administrative detention (Saturday or after school).

### **DISMISSALS**

To ensure the safety of our students, any student to be dismissed during the school day **must be picked up and signed out** in the Attendance Office by a parent, guardian, or emergency contact listed in the school database. A written note specifying the date, time, and reason for the dismissal must be received in person or by email before the start of the school day. Phone calls accepted in emergency cases only, to dismiss a student. Under no circumstances may a student leave school grounds during school without permission from a parent/guardian and school administration. If a student drives to school a written note must be received for the dismissal before a student is allowed to drive themselves home. Students arriving late to school or leaving early must report to the Attendance Office to sign in or out of school. Students who fail to follow the proper sign in/out procedures may face Administrative consequences. **Dismissals are unexcused** unless a medical note is received after the appointment.

## **ATTENDANCE and STUDENT ACTIVITIES**

Students who have an unexcused tardy after 9:00 cannot participate in extracurricular activities on that day. Exceptions to this rule are only allowed with administration's prior written approval and with a valid excuse signed by the student's parent or guardian.

Repeated tardiness will not be tolerated. If a student has a history of being tardy to school, their participation in extracurricular activities will be reviewed and may be suspended until their attendance improves.

A student being dismissed from school is expected to be present for three complete blocks to be eligible for participation in extracurricular activities. A student is not eligible for any activities they are not in attendance on the day of a activity. If the activity occurs on Saturday or Sunday, students may participate if they were absent on Friday, providing they obtain written permission from administration.

## **AUDITING A COURSE**

Students may enroll and participate in a class at Rockville High School for no credit; however, they are expected to attend all classes and complete all assigned work. The request to audit a course must be made to the student's counselor and/or administrator within the first three (3) class meetings. An audited class does not count toward the minimum number of credits that students are required to carry. Students may not audit a class and then enroll in that class for credit at a later time.

## **CAFETERIA**

(BOE Policy [3542.31](#))

The cafeteria is open for lunch from 10:35 a.m. to 12:30 p.m. on regular school days. Students will be assigned a lunch period during their block 3 and block 7 classes. Lunch also will be served on early release days on a modified schedule. The following guidelines are to be followed:

1. Students are responsible for clearing their tables and for reporting spills to custodial or cafeteria staff.
2. All students eating in the cafeteria must be seated at a table. ## **CHILD ABUSE**

(BOE Policy [5141.1](#))

Because the school offers a setting in which students are observed on a daily basis over extended periods of time, school personnel are in a unique position to identify abused or neglected children. The Board of Education recognizes that a student's mental and physical health will have an effect on the student's ability to obtain the most benefit from attending school.

Connecticut General Statutes 17a-101, as amended by PA 96-246, 97-319, 02-106, 02-138 and 15-205 has defined various school employees as mandated reporters. Mandated reporters are required to report if they suspect or believe that a child has been abused, including but not limited to sexual abuse, or neglected, or placed in imminent risk of serious harm. The District shall not discharge or in any manner discriminate or retaliate against any mandated school employee who in good faith makes a report pursuant to CGS 17a-101 or is involved in any proceedings pertaining to the alleged child abuse or neglect.

Mandated reporters include the following: any certified personnel, including the Superintendent of Schools, nurses, psychologists, teachers, principals, guidance counselors, social workers, paraprofessionals, coaches of intramural or interscholastic athletics, physicians, administrators, substitute teachers, or any other person who in the performance of his/her duties has regular contact with students and who provides services to or on behalf of students enrolled in the District.

A mandated reporter's suspicions may be based on factors including, but not limited to, observations, allegations, facts or statements by a child, victim or third party. Suspicion or belief does not require certainty or probable cause.

### *Recognizing child/youth abuse or neglect*

The following list is not all inclusive but only serves as a guideline for mandated reporters in recognizing abuse or neglect.

#### **Physical Injury or Abuse:**

- Physical injury or injuries inflicted upon the student by other than accidental means, or injuries which are at variance with the history given;
- Exhibits signs of malnutrition, sexual molestation, deprivation of necessities, or emotional maltreatment or cruel punishment.

#### **Neglect:**

- Abandonment, denied proper care and attention (physically, emotionally, or morally),
- Is living under conditions, circumstances or associations which are injurious to the student's well-being, or is living in a home

which cannot provide the specialized care which the student's physical, emotional or mental condition requires.

## **CHRONIC ABSENCE**

Chronic absence is defined as missing 10 percent or greater of the total number of days enrolled during the school year for any reason. It includes both excused, unexcused, and out-of-school suspensions.

For example, a student who has been enrolled for the first 30 school days at the beginning of the school year and has been absent three of those days is considered chronically absent.

### *Chronic Absence vs. Truancy*

Chronic absence is different from truancy (missing too much school without permission) as well as average daily attendance (a school-level measure, not a student level indicator, for how many students are typically in attendance at school each day). Chronic absence and truancy are not interchangeable terms. They describe different aspects of the absenteeism problem and require different approaches.

Truancy is a term that generally refers to unexcused absences. Connecticut General Statutes (C.G.S.) Section 10-198a (b)(1) and (2) defines truancy as four unexcused absences in one month or 10 unexcused absences in a school year. Responses to truancy are usually about school rule compliance and can lead to court intervention.

Chronic absence, on the other hand, incorporates all absences: excused, unexcused absences, and suspensions and expulsions served. By monitoring chronic absence, the focus is on the academic consequences of lost instructional time and on preventing absences before students fall behind in school. It is an early indicator that a student may fall behind in the classroom.

## **CLOSURE OR DELAY OF SCHOOL**

(BOE Policy [6112](#))

If there is a reason for school to be canceled, open late (two-hour delay), or close early, announcements will be made on area radio (WTIC AM & FM, WRCH, WZMX) and television (WFSB 3, WVIT 30) stations. Parents may also access Vernon information online at [CT Weather](#) and sign up for email or cell phone text notifications about delays and cancellations. When school is delayed or closed, the regular cycle of A day and B day assignments does not change. For example, if Monday is an A day, and school is closed for the B day on Tuesday, it will still be an A day when school resumes on Wednesday. Any missed days will be added to the end of the marking period.

## **CODE OF CONDUCT**

Rockville High School's behavioral expectations are intended to promote RESPONSIBILITY and RESPECT within the school community. Students who fail to meet the behavioral expectations outlined in the Code of Conduct are subject to disciplinary consequences. Such consequences are intended to encourage students to behave appropriately. If the consequences assigned for a

**Note:** *References to Vernon Board of Education Policy Numbers are provided where appropriate for additional information.*

### **Academic Integrity**

Academic integrity is at the core of our efforts to develop responsible, open minded, critically thinking, and knowledgeable students.

## Internet/Technology

(BOE Policies [5131.81](#) and [5131.82](#))

The Vernon Public School District is pleased to offer students expanded access to the Internet through a high-speed local area network. To gain access to the Internet, all students must obtain parental permission and sponsorship from a classroom teacher as verified by signature on a Technology Compliance Contract. Should a parent prefer that a student not have Internet access, use of the computers is required for meeting the curriculum requirements for our office applications course. We believe that the benefits to students, from access to the Internet, in the form of information resources and opportunities for collaboration exceed any disadvantages, but ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information resources. Therefore, we support and respect each family's right to decide.

The use of computers, technology, and the internet in the Vernon Public School district is to support educational activities. The use of the network is a privilege, not a right, and may be revoked if abused. The user is personally responsible for his or her actions. The user is advised never to access, keep, or send anything that they would not want their parents or teachers to see.

When using the local area network, any VPS computer, or the Internet, all digital and analog communication conduits, digital cameras and imaging equipment, and software, each student agrees to comply with the following:

1. Do not use a computer or other technology to harm others or their work.
2. Do not damage the computer, technologic equipment or the network in any way.

## Video Surveillance

(BOE Policy [5131.111](#))

The Board of Education recognizes the district's responsibility to maintain order and discipline on school property and in school vehicles. The Board also desires to afford students and staff privacy in respect to the records maintained by the district. The Board recognizes the value of electronic surveillance systems in monitoring activity on school property and in school vehicles in furtherance of protecting the health, welfare and safety of its students and staff. The students and staff of the district recognize that their security and safety depend upon the capacity of the district to maintain discipline and that a certain amount of restraint upon the activities of students is assumed and expected. The Board of Education having carefully weighed and balanced the rights of privacy of students and staff against the district's duty to maintain order and discipline, finds that it is appropriate to provide for the use of video camera surveillance in its transportation vehicles and on school grounds as follows:

1. The district shall notify its students and staff that video surveillance may occur on any school property or on any transportation vehicle. The district shall incorporate said notice in the student handbook;
2. The use of video surveillance equipment on transportation vehicles shall be supervised by the district transportation supervisor. The use of video surveillance equipment on school grounds and on other district property shall be supervised and controlled by the building administrator or other responsible administrator;

3. The use of video recordings from surveillance equipment shall be subject to the other policies of the district including policies concerning the confidentiality of student and personnel records;
4. Video surveillance shall only be used to promote the order, safety and security of students, staff and property.

### **Weapons and Items Used as Weapons**

(BOE Policy [5131.7](#))

Out of concern for the safety and welfare of all students and school personnel in school and at school-sponsored activities, the Board prohibits possession and/or use of weapons, or other dangerous instruments in any school building, on school grounds, in any school vehicle, or at any school-sponsored activity.

Weapons include but are not limited to: firearms, facsimile weapons, chains, knives (all blade lengths), box cutters, brass knuckles, explosives, pepper spray or any other chemical spray.

Possession and/or use of any device or object in a threatening manner by a student in school, at school-sponsored activities off school grounds, or at non-school activities may be cause for expulsion if such conduct is seriously disruptive of the educational process.

All Offenses:	10 day suspension
	Police involvement
	Possible referral to the Board of Education
	for consideration for expulsion

## **COMMUNICATIONS FROM SCHOOL**

(BOE Policies [1000](#) and [1110.1](#))

The faculty and staff of Rockville High School work hard to establish and maintain open lines of communication with the families of our students and the local community. Communications home related to specific students include letters, emails, and phone calls from faculty and staff members. Communications home of a more general interest may include letters, emails, and posts via social media services. Automated "robocalls" will generally be reserved for urgent matters and/or emergency communications.

Rockville High School maintains a comprehensive website and an active presence on social media services. Our website contains a wealth of information and resources including school news, current and upcoming events, important forms and documents, calendar and scheduling information, access to research databases via our Library Media Center, and a staff directory. Our Facebook, Instagram, and Twitter profiles make information available very quickly to the school community. Links to all of these services are listed on page 1 of this handbook. Please be sure to like, bookmark, and/or follow them, and check in on a regular basis.

## **CONNECTICUT INTERSCHOLASTIC ATHLETIC CONFERENCE (CIAC) ELIGIBILITY RULES**

(BOE Policy [6145.2](#))

In order to participate on an interscholastic athletic team or extra-curricular/co-curricular activity, a student must have satisfied all the scholastic eligibility

requirements prior to participation. All Rockville High School athletes are subject to eligibility standards set by the C.I.A.C. (Connecticut Interscholastic Athletic Conference) and the Vernon Board of Education.

To be eligible for fall sports, clubs, and activities, the student must have received credit towards graduation at the close of the previous school year totaling at least 5 credits. In addition, the student must also be taking a minimum of five (5) classes during the season and meet the Grade Requirements criteria (70 or above). After the first report card is issued eligibility will again be checked for in season athletes. Student athletes must earn passing grades in five (5) classes in order to keep their athletic eligibility. Winter and spring eligibility is based on the quarterly reports cards issued during the school year. Students must earn passing grades in five (5) classes from the most recent report card in order to earn eligibility for athletics.

The school principal may declare a student ineligible if it is felt that the student is not taking care of his/her responsibilities both as a student and citizen of Rockville High School and the community. NOTE: Marking period grades (not semester grades) are to be used in determining scholastic eligibility, except for fall eligibility. *Please consult your principal or athletic director for complete rules or to ask any questions regarding athletic eligibility.*

(\*subject to change due to impact of COVID-19 on academic year and policy)

## **COURSE LEVEL CHANGES**

A course level change may not be made on a student course load three (3) class meetings past the halfway point of the course. Any change in a course level after this point in time requires an administrator's signature.

Upon changing a level of a course, the student's grades from the previous level will be carried over and will be used in calculating the final grade in the new level of the course.

## **CREDIT REQUIREMENTS**

All students are required to complete, pass, and earn credit for the following courses to be eligible to graduate from Rockville High School. Additionally, students in grades 9, 10, and 11 are required to take a minimum of 7.00 credits. Grade 12 students are required to take a minimum of 6.00 credits.

A passing grade is no less than 70% for all courses offered at Rockville High School.

## **DROPPING A COURSE**

A course may not be dropped from a student course load three (3) classes past the halfway point of the course. Any course that is dropped after this point in time requires an administrator's signature. Students who drop a course after the first progress report will receive a W on their report cards/transcripts.

Seniors who drop a course after they have been accepted to a college or university must receive written permission from that institution in order to drop the course.

## **EARLY GRADUATION REQUIREMENTS**

- I. All grade 9, 10, and 11 students must take a full class load of at least 7 credits. A student who successfully completes all requirements for graduation in fewer than eight (8) semesters may apply for early graduation approval. All of the following requirements and criteria must be met in order for a student to be considered for early graduation.
  - A. By the end of the sophomore year or after four (4) semesters, a letter of application for early graduation must be submitted to the principal by a student who wishes to graduate after six (6) semesters.
  - B. By the end of the junior year, or after six (6) semesters, a letter of application for early graduation must be submitted to the principal by a student who hopes to graduate after seven (7) semesters.

In both case A and B, the letter of application must explain in detail why the student wishes to graduate early. Included in the application must be a detailed statement of the student's future vocational or academic plans.
- II. Before submitting applications to the principal, students must discuss with their guidance counselors the practicality of their early graduation plans.
  - A. Letters of application submitted to the principal must contain the following:
    1. For students under 18 years of age, parental or guardian signatures indicating approval of the early graduation plan
    2. School counselor's signature indicating that the plan is practicable and in the best interest of the student. School counselors will consider the following information when making this determination:
      - a. Likelihood of the student meeting the graduation requirements within the allotted time frame
      - b. Maturity level
      - c. Potential for meeting academic success in the remainder of his or her high school program
      - d. Future vocational and educational plans
  - B. The principal will review the application, discuss its contents with the student and counselor, if deemed necessary, and sign the application indicating the date of approval or of disapproval.
  - C. The principal will forward a copy of the application to the superintendent for review.
  - D. The student will receive a copy of the signed application as proof of its acceptance or rejection.
  - E. For students who request an early graduation from June of the third year of attending RHS: three-year plan for graduation
    1. In the third year of attending RHS, these students will be enrolled in English 11 and English 12 simultaneously.
  - F. For students who request an early graduation in January (after mid-year exams) of the fourth year of attending RHS: three and half year plan for graduation
    1. These students must take the English placement test at MCC and be eligible – based on the results of this placement test – to enroll in English-for-credit courses at MCC. The course at MCC to be taken in addition to English 12 at RHS will be English 101 Composition. **Note:** This course must be successfully completed before graduation at RHS in January.

**It is important to note that:**

1. Early graduates will receive their diploma in June of the academic year in which all requirements have been met.

2. Early graduates wishing to participate at graduation exercises must attend rehearsals and fulfill all obligations attendant to graduation.
3. Seven (7) semester graduates may request to be involved in senior activities during the 8th semester.

Early graduates are eligible for school awards, honors, and scholarships on the same basis as other graduates. It is the responsibility of the early graduate to check regularly with the School Counseling office if he/she plans to be involved in senior activities, awards, commencement exercises, etc.

## **EXPUNGING DISCIPLINARY RECORDS**

The faculty and staff of Rockville High School understand that adolescents are prone to momentary errors in judgement that may carry serious behavioral consequences, including dismissal from programs, suspension, and expulsion. We also recognize that students can learn from such errors in judgement, and that it may not be in the best interest of a particular student for the student's lapses in judgement to follow him or her into endeavors after high school. Therefore, seniors may petition the principal to expunge the student's disciplinary records. Such petitions may be filed one time only, and will be granted at the principal's discretion following a thorough review of the incident(s) in question.

## **FINANCIAL OBLIGATIONS**

(BOE Policy [6161.2](#))

Students that lose, damage, vandalize, or fail to return school property and/or resources will be held financially accountable for the damages incurred by the school. Students that incur financial obligations will receive a bill describing the damages and reasonable costs for repair or replacement. Items for which students will be held financially accountable include (but are not limited to): lockers, textbooks, uniforms, classroom materials and equipment, computers, and other school property.

The school reserves the right to assess a ten dollar (\$10.00) charge to students whose lockers are damaged, defaced, or left in an unsatisfactory condition. Students that vandalize school property may be assigned restitution (including possible financial obligations) as a consequence for their behavior.

## **FIRE DRILLS AND EVACUATIONS**

(BOE Policy [6114](#))

State law requires that each school conduct fire and safety drills periodically during the school year. These drills are to ensure the safety of all people in the building and should be taken seriously. Please note there are signs indicating the correct exit to use. In addition, teachers will explain exactly which exits to use from their individual classrooms.

Student responsibilities while in the classroom

Listen to directions - follow the instructor out of the building via the prescribed route.

Stay in line and remain quiet

### **Student responsibilities while in common areas**

- Leave the building out of the nearest, safest exit.
- Move to the closest attendance area to check in with a staff member.

- Stay in line and remain quiet

## FREEDOM OF EXPRESSION

(BOE Policy [5145.2](#))

Student expression, including but not limited to, speech, writing, printed material, art or advertisements is encouraged in the school, its classrooms and activities. The U.S. Supreme Court recognizes students' right to free expression in public schools (*Tinker vs Des Moines*, 1969). Student expression, however, is not an absolute right and may be limited if it substantially interferes with the school's educational role or clearly infringes upon the rights of other students (*Hazelwood vs Kuhlmeier*, 1988).

With these considerations in mind, the school administration may establish reasonable restrictions not based upon the content or viewpoint of the speech. Restrictions, for example, may include hours, place and location of distribution of said expression.

The school administration will disallow forms of expression that are judged to be obscene, libelous, disruptive or vulgar. Greater restrictions may be placed upon school-sponsored expressive activities that students or the community might reasonably believe have the school's approval (e.g., the school newspaper) than upon a student's personal expression which incidentally occurs on school premises (*Hazelwood vs Kuhlmeier*, 1988).

1. If the principal or his designee decides to disallow the student(s) expression, the student may appeal such action to the decision-maker(s). The appeal should take place within three school days of the request.
2. Should the decision-maker(s) uphold the original decision, the student(s) may appeal to the principal. (If the decision-maker is the principal, the student would go directly to the Assistant Superintendent.) The appeal should take place within three school days of the request.
3. If all appeals at the school level uphold the original decision, the student may apply for a review of the decision to a panel headed by the Assistant Superintendent of Schools.
4. The appeal process must be completed in a timely fashion so that the mechanics of due process do not accomplish a rejection de facto.

## GRADUATION PROTOCOL

(BOE Policy [5127](#))

The commencement ceremony at RHS is a formal, dignified, and meaningful celebration of a student's achievement over many years of school. Students are expected to behave and dress in a manner respecting the significance of such an event. Proper attire is required for awards night and commencement. No decoration on caps and gowns will be permitted. Appropriate dress is generally defined as business attire. Any senior dressed inappropriately will not be allowed to participate in the commencement ceremony.

All seniors who have outstanding obligations (financial, uniforms, textbooks, etc.) must take care of these in the Administrative Offices. Such obligations must be resolved before students will be given a cap and gown and permission to participate in the graduation ceremonies.

### **Transfer Students**

The transcripts of students transferring into Rockville High School will be examined and credits awarded in terms of equivalent Carnegie units. Any student who transfers into Rockville High School in Grade 9, 10, or 11 will have their transcript grades figured into the two-and-one-half year and/or three-year rank at face value or they may request that the sending school re-compute the transcript grades on their weighted system and forward a new official transcript to RHS. This transcript should show the school's interpretation of the student's weighted average.

### **Transcripts**

Each student's academic record is contained on his or her transcript. The transcript contains the student's name; date of birth; parent or guardian's name; address; date of graduation; a year-by-year listing of courses, levels, grades, and credits; and class rank. Transcripts do not show SAT scores. It is the responsibility of the student to forward official SAT scores to the colleges of their choice through the College Board.

## **HEALTH SERVICES**

(BOE Policy [5141](#))

The Nurse's Office is available to all students and faculty during school hours (7:30 a.m. to 2:25 p.m.). Students are to obtain passes from their teacher to be admitted to the office, unless an emergency exists.

All students who are ill must report to the Nurse's Office. Students will not be dismissed due to illness without parental consent or consent from some person designated by the family. The transportation of such students is the responsibility of the parents.

The school nurses are not permitted to dispense ANY medication, prescription or non-prescription, without an order from the prescribing physician, and parental permission (Public Act 723). Forms can be obtained from the Nurse's Office. **All medications must be in the original container and must be brought to school by a parent or guardian. Medications are to be kept in the Nurse's Office; students are NOT allowed to carry any medications in school.** Students who need inhalers and epi-pens in school may carry them if an order is on file in the Nurse's Office. These orders need to be updated every year.

Students who are newly enrolled must present their immunization records and physical report to the Nurse's Office at the time of registration. Tuberculosis test results are also required.

The school nurses are willing to help families meet individual physical or psychological problems of their child. They can be of assistance in contacting state agencies or other resources for special help with medical, dental, psychiatric, audio or visual help in the event of serious problems.

Students and parents should feel free to contact the school nurses at any time in regard to any problem.

### **Physical Examinations**

Individual health records are kept for all students. Connecticut statute requires that each student have a complete physical examination in grade 10. At Rockville High School, these examinations are required during the sophomore year. If a hardship situation exists where a student cannot have a physical with their own physician, the examination can be done by the school physician, after the nurses have received written permission. Non-compliance with this state regulation will result in suspension.

All students participating in the interscholastic sports program are required to have a physical for athletics. This must be completed before the student begins practice.

### **Vision Testing**

All freshmen students are vision tested. However, upon parent's request or teacher's referral, any student may have his/her sight examined.

### **Accidents**

Any accident that occurs during the school year should be reported immediately to the school nurses and an accident report must be filled out.

## **HOMELESS STUDENTS**

(BOE Policy [5118.1](#))

The Superintendent of Schools shall make reasonable efforts to identify homeless children within the district, encourage their enrollment and eliminate barriers to their education, which may exist in district policies or practices, in

compliance with all appropriate federal and state laws. Homeless students and their families may:

1. Continue in the school ("of origin") that the student attended when permanently housed or the school of last enrollment; OR
2. Attend school in the school that is attended by other students living in the same attendance area where the homeless child lives.

To the extent feasible, a homeless child will be kept in the school of origin, unless it is against the wishes of the parent/guardian. Homeless children shall be provided educational services that are comparable to those provided to other students enrolled in the district, including but not limited to, Title I, transportation services, compensatory educational programs, gifted and talented, special education, ESL, health services and food and nutrition programs.

## **HOMEWORK**

(BOE Policy [6154](#))

The purpose of homework is to help students become self-directed, independent learners and is related to the educational progress of the student. It serves to help all students reach their instructional goals.

Specific homework assignments may strengthen basic skills; extend classroom learning; stimulate and further interests; reinforce independent study skills; develop initiative, responsibility, and self-direction; stimulate worthwhile use of leisure time; and acquaint parents with the student's work in school.

In order for homework to be an effective support for learning, the homework policy requires a partnership among the school system represented by the teacher, the student and their parents. Without this partnership in support of learning, students will not achieve their full potential.

## **HONOR ROLL**

The Honor Roll is based upon the marks in all subjects in each quarter. It is published four times a year. To achieve general honors, a student must earn an unweighted numerical average of at least 85 and may not have any grades lower than 75 or any incomplete grades. For high honor roll status, a student must earn an unweighted numerical average of at least 90 and may not have any grades lower than 80 or any incomplete grades. Students must be carrying the minimum number of classes in order to be eligible for either Honor Roll level.

## **INCOMPLETE GRADES**

Incomplete grades are to be made up within five (5) school days of report card distribution unless an extension is granted by the teacher and/or administration. Failure to make up an incomplete grade will result in the teacher submitting a "grade to date" for the final grade average.

## **LIBRARY MEDIA CENTER**

The Library Media Center is open to all students each school day from 7:00 a.m. to 3:00 p.m. as a place to do research, read, or study. Students may come to the Library Media Center for class work or for looking up information of personal interest. Students who do not use the Library Media Center appropriately will

initially be warned and eventually will lose their privileges to come and use the Library Media Center during the school day. Rules and regulations concerning the Library Media Center expectations will be posted as needed. Students should be aware of the following general rules concerning the Library Media Center:

1. Students will be fined for overdue or damaged materials and will not be allowed to borrow other material until previous materials are returned and fines are paid.
2. Report cards will be withheld if there are any outstanding library fines or overdue books, magazines, etc.
3. Students withdrawing from RHS should have their withdrawal form signed by the librarian to indicate that there are no outstanding library fines or overdue materials.
4. Students must have a pass from a staff member to be at the library during school hours.
5. Students who are disruptive in the Library Media Center or who violate any of the posted rules will lose their privilege to use the Library Media Center until the problem is resolved as follows:

First Offense	Warning Two week loss of privileges
Second Offense	Parent notified Three week loss of privileges
Subsequent Offenses	Referral to assistant principal Four week loss of privileges

Loss of Library Media Center privileges means students may not come to the Library Media Center during the school day, but may still use it before and after the school day 7:00 - 7:30 a.m. and 2:00 - 3:00 p.m.

## **MID-YEAR AND END OF YEAR EXAMINATIONS**

All students will be given Semester 1 and Semester 2 examinations in all subjects. See RHS Calendar of Events for specific dates. The rules governing mid-year and final examinations are as follows:

1. Students may report to school only for scheduled exams provided they have their own transportation. Students who are unable to provide their own transportation and arrive at school at a time when they do not have a scheduled exam must report to the Library Media Center or Cafeteria 114.
2. Students who need to reschedule their mid-year or final exams must obtain permission from their teacher and assistant principal.
3. BUSES WILL PICK UP STUDENTS BEGINNING AT NORMAL PICK UP TIME ON DESIGNATED EXAM DAYS AND WILL FOLLOW THE NORMAL EARLY RELEASE SCHEDULE.
4. Exams will include all material covered during the semester.
5. The exam will not be used in the calculation of the quarter grade.
6. If a student is tardy to an exam, he/she must obtain a pass from the Attendance Office to be admitted to the exam. No additional exam time will be provided for late arrivals.

7. The responsibility for make-up exams rests with the student. If a student is absent from an exam, a note from a parent must be presented to the teacher.
8. Cafeteria 114 will be open serving breakfast in the morning before exams, and light snacks between the scheduled exam periods.
9. Students must remain in the examination room for the entire exam period (two hours). Students will not be issued passes during exam times to the bathroom, cafeteria, school counseling office, or any other classroom.
10. All students will have a formal review period prior to the exams. The length of the review is left to the discretion of the teacher.
11. Student attendance will be reported during each exam period.
12. All overdue books and library fines must be settled with the Library Media Center. Books for semester courses must be turned in a timely manner.
13. In the event of a postponement due to inclement weather, the exam schedule will continue in the same order. Exams scheduled for the day school was closed will be given on the next day school is in session.
14. Rockville High School Seniors may be exempt from taking "End of Course" exams or "Final Exams" based upon the following conditions:
  - Students must have a 90% or higher cumulative average in the course.
  - Final Exams or "End of Course" exams are administered in January and June.
  - Students are expected to take all Advance Placement and Early College Experience exit exams.
  - Students will be informed of their grade status and exemption eligibility by the teacher on or before the last day of the semester.
  - The formula for determining eligibility for exemption is the average of the two quarters. Example:  $(Q1 + Q2) / 2 = \text{grade to date for semester courses}$ .
  - For the purposes of exam exemption, students are considered to be seniors if they have earned at least 17 credits and are of senior status.

## **MIGRANT STUDENTS**

(BOE Policy [6141.312](#))

The Superintendent will develop and implement a program to address the needs of migrant children in the District.

This program will include a means to:

1. Identify migrant students and assess their educational and related health and social needs.
2. Provide a full range of services to migrant students.
3. Provide migrant children with the opportunity to meet the same statewide assessment standards that all children are expected to meet.
4. Provide advocacy and outreach programs to migrant children and their families and professional development for District Staff as needed.
5. Provide parents/guardians an opportunity for meaningful participation in the program.

*Migrant Education Program for Parent(s)/Guardian(s) Involvement:*

- Parent(s)/guardian(s) of migrant students will be involved in and regularly consulted about the development, implementation, operation, and evaluation of the migrant program.
- Parent(s)/guardian(s) of migrant students will receive instruction regarding their role in improving the academic achievement of their children.

## **NATIONAL HONOR SOCIETY**

The George Sykes Chapter of the National Honor Society for Secondary Schools received its charter in April 1949 and is governed by the rules and regulations set forth in the official Handbook of the National Honor Society.

Members are chosen at Rockville High School at the close of their junior year and again at the end of the first marking period in their senior year. All students with a weighted cumulative grade point average (GPA) of 88.0 or better meet the minimum scholastic requirement.

In addition to the scholastic requirement, candidates must also meet the following established criteria in the areas of service, leadership, and character:

*Service:* Service includes yearly participation in voluntary school and community activities that reflect a willingness to assist others.

*Leadership:* Leadership reflects a combination of elected or voluntary responsibility positions within the school and community each year.

*Character:* Character is a reflection of exemplary personal traits and high standards of conduct within the school.

The procedure for selection begins when all students having the required GPA are notified of their eligibility. If students wish to be further considered, they must complete a Student Activity Form. All candidates who submit a completed form will then have their qualifications (activity form, teacher recommendations, and school records) reviewed by a five-member Faculty Council. Those selected for membership will be notified by letter, and will be inducted during a special ceremony in the spring.

Active members of the George Sykes Chapter of the National Honor Society are expected to uphold the standards of scholarship, service, leadership, and character that were the basis for their selection by the NHS Faculty Council.

Members who fail to maintain these standards are subject to procedures outlined in the chapter's discipline/dismissal policy, a copy of which is available upon request.

## **NON-RESIDENT STATUS FOR SENIORS**

(BOE Policy [5118](#))

When the family of a 12th grade student is moving out of town, the student may, by letter to the principal, request permission to complete his/her senior year at Rockville High School. Such request requires the approval of both the principal and the superintendent. Transportation is the responsibility of the parent/guardian.

## **PASS POLICY**

To maintain a focus on student learning and to ensure that students do not miss essential instructional content or activity instructions.

**Passes are not allowed during the first 10 minutes of class, the last 10 minutes of class and the last 15 minutes of the day.**

## **PESTICIDE APPLICATION**

(BOE Policy [3524.1](#))

The intent of this policy is to ensure that students, employees and parents/guardians receive adequate notice, in conformity with applicable statutes, prior to pesticide application in school buildings and on school grounds. Further, the District will only employ certified pesticide applicators for any non-emergency pesticide use in school buildings or on school grounds. The application of lawn care pesticides on the grounds of elementary schools is prohibited except in emergencies. An emergency application may be made to eliminate a human health threat as determined by the Superintendent of Schools.

### **The District shall:**

1. Provide notice of planned pesticide application to students, parents/guardians and employees in the manner required by law.
2. Post the areas scheduled to receive pesticide application(s).
3. Maintain written records for five years of all pesticide applications.
4. Provide continuing instruction to those students who, based upon written medical request, find it necessary to absent themselves during the period of application.
5. Inform annually parents/guardians and staff of the District's pest application/management policy.
6. Establish a registry of parents/guardians and staff who want to receive advance notice of all pesticide use and provide such notice as required by law.

## **POLICE IN SCHOOLS**

(BOE Policy [5145.11](#))

The school's responsibility for students during school hours includes protecting each student's constitutional rights, ensuring due process in questioning and

arrest, and protecting students from any form of illegal coercion. When police are investigating possible criminal acts which occurred, or may have occurred, on school property or while under the jurisdiction of the school district, they may question students at school when the following procedures are observed:

1. Only with the permission of the principal or designee who will make every effort to determine the urgency of the situation;
2. If the student is a suspect of a crime, an attempt will be made to notify the student's parent/guardian so that they may choose to be present during the questioning. The principal or designee must be present. If the pupil is over the age of 16 and is a suspect of a crime, they have the right to not have a parent/guardian present if questioned by police.
3. Students will be questioned as confidentially and inconspicuously as possible.
4. The pupil's right to remain silent or to speak through an attorney or parent may not be abridged. The designated official of the school will maintain an informal record of the interview showing the time, place, persons present, and a summary of the discussion and findings.
5. Preferably, the officer doing the questioning will wear civilian clothes. When investigating a possible criminal violation occurring off school grounds or not part of a school program, police will be encouraged to question students in their homes; however, they may be permitted to question students in the schools when the procedures outlined in 1-5 above are observed.

## **RESOLUTION OF CONCERNS AT SCHOOL**

(BOE Policy [1312](#))

Parents are encouraged to contact teachers directly to resolve concerns regarding their student's progress. Teachers have the most direct contact with the students on a regular basis, and are often in the best position to help address and resolve such concerns. Administrators, school counselors, and other support staff can serve as an additional resource, or assist when communications with the teacher do not resolve the concern. Vernon Public Schools Central Office personnel have less direct, daily involvement with RHS students. Such concerns should not be brought to directly to Central Office administration or the Board of Education until building-based resources at RHS have been consulted.

## **SEVERE MISCONDUCT**

(BOE Policy [5131.8](#))

Students are subject to discipline, up to and including suspension and expulsion for severe misconduct, even if such misconduct occurs off school property and during non-school time.

Such discipline may result whether (1) the incident was initiated in the school or on school grounds, or (2) even if the incident occurred or was initiated off school grounds and during non-school time; if after the occurrence there was a reasonable likelihood that return of the student to school would have a disruptive effective on the educational system in any of the following ways.

Consequently, any questions relating to the student's schedule should be addressed before the opening of the fall semester.

## **SCHOOL CEREMONIES AND OBSERVANCES**

(BOE Policy [6112.1](#))

The school district recognizes the value of certain ceremonies and observances in promoting patriotism and good citizenship among the students. Therefore, activities in schools commemorating national holidays such as Memorial Day, Thanksgiving, and President's Day are encouraged. We remind students, faculty and administration of the variety of religious beliefs, and all are urged to be conscious of and respect the sensitivities of others.

Activities related to a religious holiday or theme will be planned to ensure that the activity is not devotional, and that students of all faiths can join without feeling that they are betraying their own beliefs. Therefore,

1. school and class plays shall not be overly religious, and church-like scenery will be avoided;
2. religious music shall not entirely dominate the selection of music; and
3. program notes and illustrations shall not be religious or sectarian.

Students shall be given the option to be excused from participating in those parts of a program or curriculum involving a religious theme which conflicts with their own religious beliefs. If a parent or student has any questions regarding the use of religious music, artwork and/or symbols in a particular course/activity, the principal should be contacted.

An opportunity will be provided, for students to observe an appropriate period of silent meditation and to recite the Pledge of Allegiance. Participation in these activities is voluntary. Non participants are expected to maintain order and decorum appropriate to the school environment.

### **Use of Trained Dogs for Search on School Property**

The Board shall permit the administration to invite law enforcement agencies or other qualified agencies or individuals to search school property with dogs trained for the purpose of detecting the presence of illegal substances in order to protect the health and safety of students, employees, and property, and to detect odor of the presence of illegal substances, including alcohol and/or drugs.

## **STUDENT PUBLICATIONS**

(BOE Policies [6145.3](#) and [5145.2](#))

Students have the right to express their views in speech, writing, or through any other medium or form, limited solely by those restrictions imposed on all citizens generally, and those specifically applicable to students in a school setting.

The school encourages student publications not only because they offer an educational activity through which students gain experience in reporting, writing, editing, and understanding responsible journalism, but also because they provide an opportunity for students to express their views and a means of communicating both within and beyond the school community.

All student publications must comply with the rules for responsible journalism. Libelous statements, unfounded charges and accusations, obscenity, statements advocating racial or religious prejudice, hatred, violence, the breaking of laws and school policies and/or regulations, or materials designed to disrupt the educational process will not be permitted.

Expressions of personal opinion must be clearly identified as such and must bear the name of the author. Opportunity for the expression of opinions differing from those of the student publishers must be provided.

In addition, student newspapers and/or publications which are paid for by the school district and/or produced under the direction of a teacher as part of the school curriculum are not considered a public forum. In such cases, the school reserves the right to edit or delete such student speech which is inconsistent with the school's mission.

Students have a right to distribute literature on school grounds and in school buildings provided such distribution does not interfere with or disrupt the educational process. No literature may be distributed unless a copy is submitted to administration for approval.

## **STUDENT RECORD CONFIDENTIALITY**

(BOE Policy [5125](#))

Educational records, defined as records directly related to a student, will be kept for each student and will reflect the physical, emotional, social and academic aspects of a student's development in the educational process.

The Board of Education recognizes the legal requirements to maintain the confidentiality of student records. Such confidentiality shall be consistent with federal statutes, including the Family Educational Rights and Privacy Act of 1974 (FERPA), as amended, and its implementing regulations, The No Child Left Behind Act of 2001, and the Connecticut General Statutes.

Safeguards shall be established by the school administration to protect the student and the student's family from invasion of privacy in the collection, maintenance and dissemination of information, and to provide accessibility to recorded information by those legally entitled thereto. Access to inspect or review a student's educational record or any part thereof may include the right to receive copies under limited circumstances.

## **SUMMER SCHOOL**

(BOE Policy [6174](#))

The summer school program at Rockville High School is operated with the approval of the Vernon Board of Education. This extension of the traditional school program into the summer months provides students the instructional support and access to school resources they need to earn credit toward graduation.

Summer school offered will be conducted using Edgenuity web-based software. This software identifies content or skill-based standards where students have achieved mastery, and then offers additional instruction and practice in areas where deficiencies exist so that students can work toward and achieve mastery. Therefore, the credit is no longer awarded based on the number of hours of instruction, but rather on the mastery of content and skill-based standards. The one exception to this approach is in Physical Education. When Physical Education courses are offered, instruction will be offered in the traditional credit hour model.

There is also a minimum grade of 60% set in order to take summer school. If a student has failed a course with a 60% or higher, he or she can elect to take summer school coursework to show mastery in the content area and earn credit. Please be aware that in order to earn mastery in a particular standard, students must pass the web-based assessments with a passing score to move on to the next lesson.

Seniors must be present for both the mid-year exam and the final exam in the course to be eligible for summer school. Students who plan to attend a summer school program other than at Rockville High School must obtain permission from an administrator before the summer session. Both the grades for the course(s) failed, and those taken in summer school, will be recorded on the permanent record card and computed in the student's average and rank in class. Tuition rates and other costs associated with summer school will be announced before the close of school in June.

Section 504 (impacting building access for students)	William Peluso, 870-6000 ext. 3211 Supervisor of Schools Facilities and Special Projects

## **APPENDIX B NOTIFICATION OF RIGHTS**

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the district receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the Vernon Board of Education to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility. Upon request, the District discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. (NOTE: FERPA requires a school district to make a reasonable attempt to notify the student of the records request unless it states in its annual notification that it intends to forward records on request.)
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office  
U.S. Department of Education  
600 Independence Avenue SW  
Washington, D.C. 20202-4605

**APPENDIX C**  
**Sexual Harassment / Sexual Discrimination**  
(BOE Policy [5141.51](#))

Sexual discrimination and sexual harassment will not be tolerated among students or staff members of the Vernon Public Schools. Any form of sexual discrimination and/or

harassment is forbidden whether by students, supervisory or non-supervisory personnel, individuals under contract, or volunteers in the schools, against any member of the school community.

Sexual discrimination occurs when a person, because of his or her sex, is denied participation in or the benefits of the district's educational program. Sexual harassment is any form of conduct on the basis of sex that: (a) conditions the provision of any school/program aid, benefit, or service on the individual's participation in unwelcome sexual conduct; or (b) is unwelcome and is determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a student equal access to the school's education program or activity; or (c) is a "sexual assault," "dating violence," "domestic violence," or "stalking," as those terms are defined in federal law.

The school district will take all appropriate steps to address any sexual harassment, or allegations of sexual harassments, of which any employee has notice.

Any person, such as students, parents and guardians, may report sex discrimination, including sexual harassment, regardless of whether the person is the alleged victim of the reported conduct, in person, by mail, by telephone, or by email, to the district's Title IX Coordinator, or any other means that results in the Title IX Coordinator receiving the report. The report may be made at any time, including during non-business hours.

The Title IX Coordinator for the Vernon Public Schools is Robert Testa, Assistant Superintendent; [rtesta@vernon-ct.gov](mailto:rtesta@vernon-ct.gov); 30 Park Street, Vernon, CT. 06066; (860) 870-6000 Ext. 4676.

Students and staff are legally protected against sex discrimination and sexual harassment by Title IX of the Education Amendments of 1972, a federal law prohibiting discrimination in schools on the basis of sex. Sex discrimination is also covered under Connecticut state law. Students and staff have a right to participate in all school and classroom activities in an atmosphere free from sexual harassment. Students and staff have a responsibility not to engage in behaviors that are unwelcome or offensive to others.

Any student, parent, guardian, staff member or applicant to a program or for employment who feels he/she has suffered harassment on the basis of race, color, religious creed, age, marital status, national origin, sex, sexual orientation, mental disability or physical disability should contact the school administration and/or Title IX (sex equity, sexual harassment) coordinator listed in this handbook for assistance.
