Activity Description (Connection to goals: Work Hard and Own it)

- **Student News video (10 minutes)**
 - Follow the link below to watch this week's *Student News* segment.
 - [Click here to view the Student News](#)
 - The Student News this year will be highlighting people, places, clubs and happenings here at Rockville High School. Stay tuned for more videos from our Video Production Club.

- **Academic Check (10-15 minutes)**

With the end of Q1 on the horizon (Friday, November 1st), students should be aware of their progress and how to improve in their classes.

- Have students get out their chromebooks and open up their Aspen account.
- Students should review class by class using the following guided questions:
 - What is my current grade in the course?
 - How many absences do I have? How many tardies do I have? Has my attendance impacted my grade?
 - Do I have any missing assignments? Can I make them up?
 - What support do I need to improve my grade? Have I spoken to my teacher or school counselor about my grade?
- Advisors...please circulate and discuss with students some potential strategies they could use for academic success.
- Remember you can vary the activity however you wish or try a different academic check you like to use.
