

# RHS Advisory Activity

## September 11, 2024

---

### Agenda

1. Desert Island Activity
2. Review the purpose of Advisory
3. "All in" video and discussion

### Activity Description (Connection to goals: Work Hard, Play Hard and Own it)

- **Desert Island (10 minutes)**
    - Have everyone gather in a circle. Feel free to use space in the hallway if you need to.
    - Each person goes around the circle and says one thing they would take with them on a desert island. The next person must then name the items before them and add their own item on. Keep going until you make it all the way around the circle.
    - Vary the activity however you wish or try a different Icebreaker you like to use.
- 
- **What is the purpose of Advisory at RHS? (5 - 10 minutes)**
    - The purpose of Advisory at RHS is to promote meaningful relationships between staff and students while providing students with a framework for success at our school and beyond.
      - We do this through the concept of Work Hard, Play Hard, Own it! What do these statements mean to you?
      - Create a group definition for your Advisory

---

- **All In video and Discussion (10 minutes)**

- Follow the link below to watch a brief video from Jostens Renaissance about what it means to be *All In*.
  - [Click here to view video](#)
- Use the critical thinking guided questions to facilitate a discussion with your advisory students (if time allows). Guided questions are linked in Materials & Resources below.

## Materials & Resources

- a. Projector or New Line TV to stream video
- b. Resources:
  - a. [Guided Questions for All In video](#)
